## HANNA

**Displeased With Apathy Among Republicans.** They Aren't Doing Enough Hurrahing to Suit Him. 11

New York, Aug. 9. (Sp.)—Senator Marcus A. Hanna has begun harrowing. He left on the Fall River boat tonight for Boston to enthrone the New Englanders into taking stock in his campaign fund. He has been getting some money here in New York, but he wants more right away and he is out after it. 11

That is why he has gone to make a party call on the New England manufacturers. Mr. Hanna is afraid of his old enemy, "General Apathy," and he sees in him more reason to fear Republican defeat than in Mr. Bryan's speech of acceptance, imperialism or other anti-Republican forces. "Apathy is often more to be feared than open opposition. Confident as I am that the great majority of voters in this country hope to see the Republican ticket successful, I do not hesitate to say that I am not pleased with the present condition of affairs. Enthusiasm must be aroused. When that is accomplished the only thing that will remain to be done will be the inauguration of McKinley and Roosevelt." 11

That is the view of the political situation taken by Senator Hanna and by him expressed to M. W. Fitch of Grand Rapids, Mich., today. Mr. Fitch, who is a manufacturer of furniture, called at the chairman of the national committee his idea concerning the outcome of the campaign, especially in the states of Ohio, Indiana and Illinois. Senator Hanna did not hesitate to express his disapproval of Republican apathy. 11

## ITALIANS

Leaving For Italy.

Employees of the N. O. T. and A., B. & C. Cos.

Have Left During the Past Few Days.

Have Given No Explanations For Their Departure.

Local Italians Express Sorrow Over Death of King Humbert.

It may be significant of some important move contemplated in Italy, or it may be a mere coincidence, that many Italian laborers throughout this country have suddenly decided to pay a visit to their fatherland. There are many anarchists among the laborers, and the statements made that they approve the assassination of King Humbert, have caused considerable curiosity, relative to the motive inducing Italians to return to their native land at this time. 11

The fact that 10 of the Italians employed by the Northern Ohio Traction company in making improvements in this city have quit work during the past few days, announcing their intention of going to Italy, would arouse little curiosity were it not for other circumstances. The men were well paid, and were satisfied with the conditions under which they labored. They refused to give any reason for quitting, other than a desire to go back to Italy. Nothing was thought of this, at the time, but when reports began coming in from all along the lines of the A., B. & C. and N. O. T. companies that Italians were leaving for Italy, it seemed more than a coincidence. During the past few days, at least 25 Italians working for these two companies have left for Italy, and it is said others will follow. 11

Of the 100 men now working for the N. O. T. company in this city, 40 are Italians. They offer no explanations, nor suggestions, relating to the reasons their brothers have for leaving. A reporter for the Democrat on Thursday, talked with a number of local Italians, who are able to read and write the English language, and they all expressed sorrow over the tragic death of the King of Italy, and deplored the fact that anarchists exist so numerous in their native country. 11

**WHAT DOES THIS LACK**

Surely Akron Readers Cannot Ask Better Proof.

Can the Akron reader ask for more convincing proof than testimony published every day from representative citizens of Akron. If so, what sort of proof can it be? Read this: Mrs. Mary Smetts, of 835 Bowery st., says: "In the summer of 1896 I told the people of Akron through our newspapers about the great benefits I received from the use of Doan's Kidney Pills. Shortly after I procured them at Lamparter & Co's drug store they cured me of kidney complaint and relieved me from the vast amount of suffering. During the two years and a half which have just passed the results have been permanent, conclusively proving that
